NORTH CAROLINA STATE UNIVERSITY STUDENT SENATE

85th SESSION, 2005-2006

32

33 [SCJ Jennifer Edwards was not present for a report and did not send a proxy to present one on
34 her behalf].

35

36 • *Mr. Seneca Toms, Student Body Treasurer*

37

38 SBT Seneca Toms: Senators have until Thursday at 5pm to make changes to Appropriations
39 requests submitted online. The administration of the accounts of SG will be handed over to the
40 business office however the writing of the checks will remain in-office. Delta Sigma Pi has been
41 notified about the unpaid balance of \$4000. Hopefully this situation will be fixed before I leave
42 office.

43

44 SBT Seneca Toms: I was lashed out at the meeting in an unprofessional manor. The view of the
45 Student Senate I stated as I stayed at the judicial meeting.

46

47 SBT Seneca Toms: Whil Piavis has been disrespectful. I will not tolerate it. If you'd like the
48 truth about the issues stated in the report please contact me.

49

50 Sen. Matt Walton: Has there been discussion on the use of office space?

51

52 SBT Seneca Toms: No, I can't tell you right now what the plan is for the meeting next week.

53

54 Sen. Adam Compton: Do you feel the same Forrest, are we moving backwards?

55

56 • *Mr. Whil Piavis, Student Body President*

57

58 [SBP Whil Piavis was not present for a report and did not send a proxy to present one on his
59 behalf].

60

61 • *Sen. Zach Adams, Student Senate President Pro Tempore*

62

63 [SSPPT Zach Adams was not present for a report and did not send a proxy to present one on his
64 behalf].

65

66 • *Mr. Forrest Hinton, Student Senate President*

67

68 SSP Forrest Hinton: The SBP did submit a report which is in the packet. I cannot answer
69 questions on his behalf, but you can read it. Lynette Barksdale has sent in her resignation.
70 [Read]. We will be filling the position. The books are open for other offices, please file online
71 or upstairs for non-senatorial offices. We will be considering confirmation for the election
72 commissioners by fast-track tonight. [Praises Sen. Whitehouse for work on football tailgating
73 taskforce]. Campout was a great success. We had 1,400 students approximately. This was the
74 largest campout since 2000. A wonderful turnout. Piñata smashing, car bashing, pick picking,
75 Dr. Stafford even sent praise. [Applause]. Please be here for the next meeting as transportation
76 will be here to talk about the parking pass increases.

NORTH CAROLINA STATE UNIVERSITY STUDENT SENATE

85th SESSION, 2005-2006

77

78 Sen. Matt Walton: What is the parking increases projected at now?

79

80 SSP Forrest Hinton: About 9%. The BoG voted to increase tuition and fees last week. It came
81 as no surprise. I am planning a trip to meet with the governor with some Student Senators, watch
82 your email for more about that. Erskin Bowles will be here February 23, 3pm, free ice cream
83 and you can ask any questions you'd like of him. [Pauses for questions].

84

85 Sen. Tracy Hutcherson: Why aren't you attending the meetings anymore?

86

87 SSP Forrest Hinton: I thought that some of the things that are occurring are not progressive and I
88 feel at the time I that I wrote my report I felt it was a waste of my time.

89

90 Sen. Tracy Hutcherson: I feel it is a waste of time too.

91

92

93 ***Reports of Senate Standing Committees***

- 94 • *Academics Committee; Sen. James Hankins, Chair*

95

96 Sen. James Hankins: We will be looking at the GER. If you have an opinion, please attend.

97

- 98 • *Campus Community Committee; Sen. Adam Whitehouse, Chair*

99

100 Sen. Adam Whitehouse: Campout was successful. The largest turnout since alcohol was banned.
101 We have had some ticket fraud hearings, we've had some no-shows that have lost their eligibility
102 for five games. We have the Coretta Scott King resolution and the unified University Calendar.
103 Of the 20 some rules that we mostly ludicrous, only a few passed. Pass-outs will stay, gas
104 powered generators, and speakers at a low volume level likely. Pat-downs will likely not be that
105 bad, as it will increase safety at the games. In a case of pat-downs or no pass-outs, saving pass-
106 outs was worth it.

107

108 SSP Forrest Hinton: You will have to get to the game earlier due to the pat-downs.

109

110 Sen. Adam Whitehouse: I do see that it will cause problems for the first few games, so people
111 should get there earlier.

112

113 Sen. John Mickey: Have you looked into getting extra scanners at the gates?

114

115 Sen. Adam Whitehouse: Not until they get \$15,000 each they will not do it as we have advocated
116 for them to. They have stated that the other gates are just as congested.

117

118 Sen. Joe Sevits: I feel that \$15,000 is an inflated value as Dr. Stafford has stated in the past the
119 scanners cost roughly \$1,000 and the other costs would have to be extremely steep in order for
120 the total cost to be that high. Frankly, I feel that figure provided to you is BS. [Urges continued
121 advocacy towards opening additional gates for students and remarks that the comment that the

NORTH CAROLINA STATE UNIVERSITY STUDENT SENATE

85th SESSION, 2005-2006

122 student gates are just as congested as the other gates, a comment reportedly made by a member
123 of the administration, is false, as rarely is there lines of 20-50+ people at the other gates waiting
124 to get into the games].

125
126 SBT Seneca Toms: The locations of the gates both during football and basketball has been the
127 farthest away. [Urges all action possible to bring the gates open to students closest to the student
128 section].

129
130 Sen. Adam Whitehouse: Athletics likely put the student gates where there was the least
131 congestion during planning and they did mention that wireless access was one reason why the
132 student gates were placed as they were.

133
134 Sen. Tracy Hutcherson: Which just happens to be the worst gates.

135
136 Sen. Joe Sevits: It doesn't make enough sense that for the funding we put in Athletics, including
137 that we are putting in via the fee increase approved this year, that they can't provide \$45,000, or
138 whatever the cost is involved to open at least three additional gates. [Urges further action to
139 persuade Athletics to improve the gate situations].

140
141 Sen. Adam Whitehouse: I will ask them again to.

142
143

- *Finance Committee; Sen. Erich Fabricius, Chair*

144
145 Sen. Erich Fabricius: AB 97 will be coming up tonight. The committee will be meeting next
146 week to consider nagging issues of impropriety in the budget keeping SG has faced over past
147 years.

148
149

- *Government Operations Committee; Sen. Tracy Hutcherson, Chair*

150
151 Sen. Hutcherson: [Read agenda items for tonight that committee considered and recommended to
152 the Senate]. Lynette Barksdale has failed to come in to speak with the committee. Jason Mo has
153 failed to give an appropriate report. We also considered and approved the elections packet.

154
155

- *Public Affairs Committee; Sen. Alex Carter, Chair*

156
157 Sen. Alex Carter: 6-1 was the vote to postpone indefinitely the "Academic Bill of Rights" bill; I
158 was the sole dissenting vote. Technician wrote an article about the bill.

159
160

- *Tuition & Fees Committee; Sen. Adam Compton, Chair*

161
162 Sen. Adam Compton: Fee process, tuition guarantee, and textbook prices will be our three top
163 priorities for the remainder of the year for the committee. We will be talking to Dr. Stafford,
164 John Small, and Laura DeCastro about tuition and fee processes.

165
166

- *University Affairs Committee; Sen. Andrew Barnes, Chair*

NORTH CAROLINA STATE UNIVERSITY STUDENT SENATE

85th SESSION, 2005-2006

167
168 Sen. Andrew Barnes: University Architect will come in Tuesday at 9:30pm; the next meeting.
169 We will also be writing legislation regarding food on Centennial because dining is not moving
170 and we'd like to get something substantial out there before 7 years in the future.

171
172

173 ***Reports of Senate Select Committees***

- 174 • *Appropriations Committee; Sen. Hayley Gula, Chair*

175

176 Sen. Hailey Gula: For appropriations next week will be our big week.

177

178 Sen. Matt Walton: Why should Senators be at the interviews?

179

180 Sen. Hailey Gula: It is required for the Senators to be at their groups' interviews. It helps the
181 committee, it helps the groups, and they should be there.

182

- 183 • *Budget Committee; Sen. Zach Adams, Chair*

184

185 SSP Hinton: We've had two meetings in the committee of the budget. Minutes are in the packet.
186 Sunday at 9pm in the Senate Chambers will be the next meeting.

187

- 188 • *Government Simplification Committee; Sen. Erich Fabricius, Chair*

189

190 Sen. Erich Fabricius: We've met this past Sunday and the Monday before that. We are
191 continuing to work on the bills. Please look over all the bills we have submitted online. They
192 are detailed.

193

194

195 ***Comments/Announcements***

196

197 Sen. Adam Compton: Budget reconciliation did pass.

198

199 Sen. Tracy Hutcherson: Great digital camouflage produced to provide protection for our troops
200 [sporting it tonight]. Speaking of protection I picked up my three flavored condoms and a
201 vanilla dental dam. Great work by the College of Textiles. [Applause].

202

203 Sen. James Hankins: Please take some notice of the many African American accomplishments
204 that have made our country great during this month.

205

206 Unidentified Senator : Internship is available.

207

208 Sen. Joe Sevits: Look for emails I will be sending out shortly. Two minutes is not enough time
209 during comments to detail all I'd like to. I'm looking into getting ESPN-U into Time Warner
210 Cable's offerings for the Raleigh, Durham, Fayetteville area. I am also looking into the
211 possibility of getting satellite service for the student centers and showing the games we can't see

NORTH CAROLINA STATE UNIVERSITY STUDENT SENATE

85th SESSION, 2005-2006

212 on cable on-campus the days of the game. Students normally would have to go out and crowd
213 bars, or find a friend in the area that has the channel to see the games, so this is a service I feel
214 would be good to offer through SG or later a partnership with the Union/UAB. AB 97 will be
215 coming up, I have prepared information and am willing to answer questions later. The
216 University Standing Committee on Dining met yesterday and I am disappointed. I got into a
217 disagreement with administrators regarding if temporary food service located between EB1 and
218 EB2 is something students on Centennial Campus want until permanent options are provided, I
219 say they do, the President of the Engineers Council agrees, and so does every student I have
220 spoken to who has taken classes on that side of campus. I will not wait a projected 5-7 years to
221 get permanent food services there when we can take action sooner to meet the need of the
222 students. We are putting together a survey, if you have questions you would like to be included
223 or feel would be helpful for them to be, email them to me. I will be contacting you all about this
224 later, along with members of the College of Engineering and University Dining to put this
225 together. Lastly, the Inter-Residence Council is holding a broomball event this Friday, signups
226 are online at (<http://www.ncsu.edu/irc>).

227

228 Sen. Erich Fabricius: [Makes two motions, one to fast-track appointments for the elections
229 commissioners being considered tonight for first reading and one to consider all 6 in bloc, both
230 of which passed without debate or objection].

231

232 ***Approval of Appointments***

- 233 • [SR 101](#), *Elections Commission Member (Bracey) Confirmation [SSPPT Adams]*

234

235 ***First Reading of Bills and Resolutions***

- 236 • [SR 103](#), *Elections Commission Member (Atwell) Confirmation [SSP Hinton]*
- 237 • [SR 104](#), *Elections Commission Member (Hassel) Confirmation [SSPPT Adams]*
- 238 • [SR 116](#), *Elections Commission Member (Godfrey) Confirmation [SSP Hinton]*
- 239 • [SR 115](#), *Elections Commission Member (Seale) Confirmation [SSP Hinton]*
- 240 • [SR 114](#), *Elections Commission Member (Peters Confirmation [SSP Hinton]*

241

242 [In accordance with the Fabricius motion, all the above confirmations are considered in bloc at
243 this time].

244

245 SSP Forrest Hinton: It is very important that we have a good elections commission. Take this
246 confirmation set seriously. I will let questions go as long as they need to. One of these
247 appointed tonight may be the next Chair.

248

249 Danielle Seale: I'd like to serve to make this election a fair and responsible one.

250

251 Ms. Bracey: I want to ensure fair elections and be a part of Student Government.

252

253 Mr. Hassel: I want to make sure everyone plays by the rules and we have a fair election.

254

255 Sen. Brian Godfrey: Since I am not running next semester, I'd like to serve.

256

NORTH CAROLINA STATE UNIVERSITY STUDENT SENATE

85th SESSION, 2005-2006

257

258 Sen. Erich Fabricius: For all candidates. We've had problems with candidates remaining
259 ignorant of the statutes that regulate elections and think they can get away with violations. Will
260 you be willing to use some of the stiffer penalties now in our statutes?

261

262 Megan Peters: Yes, but on a case-by-case basis. We will be fair and just.

263

264 Ms. Bracey: If the rules are explicitly stated to the candidate, it is their job to abide by them.

265

266 Danielle Seale: I agree. It is on a case-by-case basis.

267

268 Kevin Hassel: I am willing to do so and will in cases where necessary.

269

270 Sen. Brian Godfrey: I will in cases of intentional destruction of campaign materials and will
271 make use of warnings and notifications.

272

273

274 Sen. Erich Fabricius: For Godfrey, Seale, and Peters. Do you have willingness to serve your
275 complete term into the fall?

276

277 [All, yes].

278

279 SSP Hinton: How committed are you to "rocking the vote?" Setting up polls and making sure
280 students are aware of elections?

281

282 Sen. Brian Godfrey: [States commitment].

283

284 Kevin Hassel: Students need to be aware of the ability to participate.

285

286 Danielle Seale: We will as commissioners make sure students are aware.

287

288 Megan Peters: I talk to students commonly about elections and will continue to.

289

290

291 SSP Hinton: [Reads email from Andrea Atwell].

292

293 Sen. Adam Compton: I move to approve all nominations. [With no objections, motion was
294 approved by consent].

329

330 ***Second Reading of Bills and Resolutions***

- 331 • [SR 94](#), *Senator Eric Scott Stephenson Impeachment (Kersh)*

332

333 Sen. Tracy Hutcherson: We did have Sen. Scott Stephenson come in, he admitted that his
334 absences are excessive. He proposed a censure of himself instead of impeachment. We have
335 evidence he was not a student in the fall, and the committee as a whole agrees he should be
336 impeached.

337

338 Sen. Erich Fabricius: The charge of not being student is not in the bill, Mr. President, is it
339 germane? It is dilatory.

340

341 SSP Forrest Hinton: [Explains what an impeachment means and briefs the Student Senate on the
342 statutes].

343

344 SSP Forrest Hinton: Consent called to approve bill, no objections, so moved.

- 347 • [AB 97](#), *Precision Spending Act (Fabricius and Toms)*
348
349 SBT Seneca Toms: Sponsors report. These are changes to make SG better and to improve the
350 facilities we have. [Pauses for questions].
351
352 Sen. Erich Fabricius: [Explains where the bill is pulling funds from and how the recent
353 legislation that re-defined the trust requirements allows for some to come from the general trust.
354 Outlines actions and changes by committee as listed in AB 97]. [Pauses for questions].
355
356 SSP Hinton: [Details each change that was made in the bill individually]. Please take note to the
357 latter part of the bill where most of the changes are made.
358
359 [Sen. Matt Walton submits a formal amendment to change line 1606 containing funding for
360 logos on larger cups in Fountain from \$1,500 to \$0 and to place all \$1,500 into the line item for
361 spring appropriations].
362
363 Sen. Matt Walton: I do not support the \$1,500 in 1606. I feel that it would better spent in
364 appropriations because of the impact that it will have on students will be more positive. It is
365 self-indulgence.
366
367 Sen. John Mickey: We have a problem, students don't know who we are, what we do. When
368 they're coming in as freshmen and sophomores they will see our advertisements on something
369 they can touch, they'll take notice.
370
371 Sen. Robert Wilburn: [Speaks in negative].
372
373 Sen. Sara Yasin: [Speaks in positive].
374
375 Sen. Matt Walton: This is not the best way of serving the students, appropriations is where the
376 money could be better spent.
377
378 Sen. Erich Fabricius: [With leave of the Senate addresses the Chair of the Appropriations
379 Committee and asks if the money this year is needed in her opinion].
380
381 Sen. Hailey Gula: Yes, we could use the funds, money is always good.
382
383 Sen. Tracy Hutcherson: I am in support of keeping the money in 1606. When they pick up their
384 cups, they see it. Students don't know about Student Government, how do they know about SG
385 and appropriations? They go to the website! We have the same groups coming in for
386 appropriations, we need to get new.
387
388 Sen. Alex Carter: I think it is a great way to increase awareness, but it does not help the apathy in
389 the awareness issue.
390
391 Sen. Erich Fabricius: Appropriations should have adequate funds based on previous years.

- [GB 108](#), *Student Body Chief Justice Election Act (Fabricius)*

Sen. Erich Fabricius: This clarifies policy in regards to the Student Chief Justice. In the worst case, you could potentially be put in a situation to approve both a Student Chief justice and a Student Body Chief Justice otherwise.

Sen. Matt Walton: [Submits formal amendment]. [FORMAL AMENDMENT].

Sen. Compton: [FRIENDLY AMENDMENT].

Sen. Hutcherson: [FORMAL AMENDMENT (SECONDARY)].

[Pursuant to the Student Body Statutes, the Senate moves into the Committee of the Whole to consider the secondary amendment. Prior to doing so, due to the absence of the pro-tem, the Student Senate agrees by consent to have its most senior member chair the Committee of the Whole. Sen. Erich Fabricius subsequently takes the gavel].

[Three cases is struck to two cases by the proposed friendly amendment to the secondary amendment].

Sen. Erich Fabricius: There is no way of interpreting if this change is more stringent, or less stringent and it shouldn't cause anyone to be disqualified.

NORTH CAROLINA STATE UNIVERSITY STUDENT SENATE

85th SESSION, 2005-2006

421 Sen. Adam Compton: There are people running that may not have sat on more than one case.
422 This would disqualify them.

423
424 Sen. Matt Walton: While I support the intent of Sen. Hutcherson, I do not support the effects.
425

426 Sen. Erich Fabricius: [Explains difference of academic integrity hearing over other hearings].
427

428 Sen. Forrest Hinton: I want to thank Sen. Walton for making his amendment as he originally
429 made it. We do not have any judicial members that are qualified under our current statutes. We
430 could be shutting out someone who has already filed.

431
432 Sen. Tracy Hutcherson: [Makes motion to extend debate by two minutes on if to recommend
433 favorably to the Senate the proposed secondary amendment].
434

435 [Eight Senators did not rise, motion fails].
436

437 Sen. Matt Walton: We need a wide field of candidates for Chief Justice and this will allow it.
